

## **DUST DISEASES TRIBUNAL OF NEW SOUTH WALES**

### **ADVICE TO PRACTITIONERS (No 1 of 2013)**

#### **SUBPOENA TO GIVE EVIDENCE**

Practitioners are advised of the following change in Registry procedure in relation to Subpoenas to Give Evidence:

From Monday 10 June 2013 and pursuant to clause 20(5) of the *Dust Diseases Tribunal Rules*, Subpoenas to Give Evidence will no longer be kept as documents on the Tribunal's file. The registry will update its case management system that the Subpoena to Witness has been issued and return all copies of the Subpoena to the requesting party.

This will bring the Tribunal in line with practice in both the Supreme and District Court.
