Dear [REDACTED]

Formal Access Application - Notice of Decision

I refer to your Formal Access Application under the *Government Information (Public Access) Act 2009* (the GIPA Act), that you lodged with the Department of Family and Community Services (FACS). In your revised access application dated 30 April 2018, you requested a copy of the following information for the period since 1 January 2017:

1. *“Ministerial briefing notes and attachments and reports relating to damage by public housing tenants and the cost to repair the damage caused by public housing tenants in NSW;*
2. *A summary of cost of damage incurred by public housing tenants for each year in NSW;*
3. *A list of the top 5 substantiated claims of damage to public housing properties which includes the suburb, or city, or town of the damaged property and the substantiated cost to repair the damage for each of the top 5 claims in Sydney;*
4. *For each of the top 5 substantiated claims of damage to public housing properties captured in point three, I also seek a copy of any breach of duty notice issued or possession order as a result of the damage and copies of related photos/CCTV of the damage and a document which describes the damage.”*

Please be advised that I have liaised with Customer Service and Business Improvement (the CSBI Unit), within FACS, who were able to extract the relevant information from our information technology systems including HOMES, ARIBA and RM8. I further confirm that the CSBI Unit provided information relating to the “Sydney metropolitan area” which includes all suburbs bordered by Hornsby, Waterfall, Campbelltown and Penrith.

I have carefully considered your request in view of the objectives of the GIPA Act where you have a legally enforceable right to obtain information, unless there is an overriding public interest against disclosure of the subject information. Further, I have also considered the requirements of section 74 of the GIPA Act, which provides that an agency may delete information from a record to which access is provided if the deleted information is not relevant, or within the scope of the information applied for, or an agency has decided to refuse access to that information.

In deciding which information to withhold in full or in part, I was required to conduct a "public interest test" where the public interest considerations favouring disclosure of government information were weighed against those factors that do not favour disclosure. The following are a number of public interest factors I considered which favour disclosure of the information requested:

- Disclosure of the information could reasonably be expected to promote open discussion of public affairs, enhance Government accountability or contribute to positive and informed debate on issues of public importance.
- Disclosure of the information could reasonably be expected to inform the public about the operations of agencies and, in particular, their policies and practices for dealing with members of the public.
- Disclosure of the information could reasonably be expected to ensure effective oversight of the expenditure of public funds.
- The information is personal information of the person to whom it is to be disclosed.
- Disclosure of the information could reasonably be expected to reveal or substantiate that an agency (or a member of an agency) has engaged in misconduct or negligent, improper or unlawful conduct.
- Disclosure of the information could reasonably be expected to advance the fair treatment of individuals in accordance with the law in their dealings with agencies.
- Disclosure of the information could reasonably be expected to reveal the reason for a government decision and any background or contextual information that informed the decision.
- Disclosure of the information could reasonably be expected to contribute to the administration of justice generally, including procedural fairness.

However, a number of documents have been withheld from disclosure as they contain information where a public interest factor against disclosure, outweighs the factors in favour of disclosure.

I have decided to provide you with a copy of the information requested in your access application in accordance with section 58 of the GIPA Act, with the exception of a number of pages, which contain information that is subject to an overriding public interest consideration against disclosure under the GIPA Act. The decision schedules in relation to Tab A and Tab B are attached, and list the documents that contain information where there is an overriding public interest consideration against disclosure. In the decision schedule, (P) means that a document has been withheld in part from disclosure.

I will now respond to each point of your request in turn:

1. Ministerial briefing notes and attachments and reports relating to damage by public housing tenants and the cost to repair the damage caused by public housing tenants in NSW;

Answer to Point 1:

In processing Point 1 of your access application, I have taken into account the obligations referred to in section 53 of the GIPA Act which states:

“53 Searches for information held by agency

(1) The obligation of an agency to provide access to government information in response to an access application is limited to information held by the agency when the application is received.

(2) An agency must undertake such reasonable searches as may be necessary to find any of the government information applied for that was held by the agency when the application was received. The agency’s searches must be conducted using the most efficient means reasonably available to the agency.

(3) The obligation of an agency to undertake reasonable searches extends to searches using any resources reasonably available to the agency including resources that facilitate the retrieval of information stored electronically.

(4) An agency is not required to search for information in records held by the agency in an electronic backup system unless a record containing the information has been lost to the agency as a result of having been destroyed, transferred, or otherwise dealt with, in contravention of the State Records Act 1998 or contrary to the agency’s established record management procedures.

(5) An agency is not required to undertake any search for information that would require an unreasonable and substantial diversion of the agency’s resources.”

In accordance with the obligations outlined in section 53 of the GIPA Act, I confirm that the CSBI Unit has conducted extensive searches of in excess of 3,778 ministerial containers in the Department’s records management system (RM8) for the period 1 January 2017 to 13 April 2018, in order to locate ministerial briefing notes, etc, relating to damage by public housing tenants in NSW. The CSBI Unit has advised that they were unable to identify any ministerial briefing notes that fall within the scope of Point 1 of your request.

I have attached the Visual Damage report for the period 1 January 2017 to 13 April 2018, at Tab A that has been numbered 1 to 545, which falls within the scope of Point 1 of your access application. Please note that there are a number of fractional charges listed in the Visual Damage report that the CSBI Unit advise is damage sighted by a FACS contractor, which at that point in time, has not been substantiated as damage caused by the tenant.

The Visual Damage report has been numbered 1 to 545, and has been partially withheld from disclosure in accordance with clause 3(a) of the table to section 14 of the GIPA Act as it contains information that would reveal the personal information of multiple people. An individual's personal information includes their residential address, and all our clients have the right to reside in public housing within our community, without their residential address being made public knowledge. Unfortunately, if street addresses were disclosed our clients may be stigmatised within the community because of their inability to reside in private rental accommodation. Therefore, I am of the view that there is an overwhelming public interest against disclosing information that reveals an individual's personal information.

2. A summary of cost of damage incurred by public housing tenants for each year in NSW;

Answer to Point 2:

The table below provides a summary of the cost of damage by public housing tenants for the period 1 January 2017 to 13 April 2018. You will note the table below provides you with a monthly breakdown of the cost.

Month	Total cost of damage
January 2017	\$8,122
February 2017	\$19,647
March 2017	\$128,061
April 2017	\$140,823
May 2017	\$ 644,500
June 2017	\$ 257,685
July 2017	\$ 313,947
August 2017	\$ 740,321
September 2017	\$ 362,409
October 2017	\$ 218,977
November 2017	\$ 268,162
December 2017	\$ 301,658
January 2018	\$ 141,323
February 2018	\$322,636
March 2018	\$634,640
1 April 2018 to 13 April 2018	\$736,491
TOTAL	\$5,239,402

3. A list of the top 5 substantiated claims of damage to public housing properties which includes the suburb, or city, or town of the damaged property and the substantiated cost to repair the damage for each of the top 5 claims in Sydney;

Answer to Point 3:

The table below states the top 5 substantiated claims of damage to public housing properties in Sydney, and the substantiated cost to repair the damage for the period 1 January 2017 to 14 April 2018.

Please note that I was unable to locate the exact monetary value of the substantiated damage caused by the tenant for the property at Seven Hills, as the Department does not hold any record of the evidence submitted to the New South Wales Civil and Administrative Tribunal (NCAT) on file. However, the corresponding NCAT Notice of Order relating to this property that is disclosed in response to Point 4 of your request, states that there was in excess of \$19,000 in damage to the property.

Number	Suburb	Substantiated Repair Costs
1	Seven Hills	In excess of \$19,000.00
2	Blacktown	\$16,453.50
3	Ashcroft	\$14,684.14
4	Toongabbie	\$9,275.96
5	Kings Langley	\$8,926.08

4. For each of the top 5 substantiated claims of damage to public housing properties captured in point three, I also seek a copy of any breach of duty notice issued or possession order as a result of the damage and copies of related photos/CCTV of the damage and a document which describes the damage."

Answer to Point 4:

The CSBI Unit have conducted an extensive search of RM8 and were able to locate a number of documents that fall within the scope of Point 4 of your access application. This information is attached at Tab B, and has been numbered 1 to 259.

I advise that a number of these documents have been withheld from disclosure as they contain information where a public interest factor against disclosure, outweighs the factors in favour of disclosure.

Information that has been withheld from disclosure under clause 3(a) of the table to section 14 of the GIPA Act is information that would reveal an individual's personal information. An individual's personal information may include their identity, their residential address, contact telephone number, information relating to their tenancy and photo/images. I am of the view that there is an overwhelming public interest against disclosing information that reveals an individual's personal information.

Information that has been withheld from disclosure under clauses 4(a) and 4(c) of the table to section 14 of the GIPA Act is information that if disclosed, would:

- *Undermine competitive neutrality in connection with any functions of an agency in respect of which it competes with any person or otherwise place an agency at a competitive advantage or disadvantage in any market.*
- *Diminish the competitive commercial value of any information to any person.*

The schedule of rates and other cost-related information are subject to commercial-in-confidence provisions of a government contract, which if disclosed, would diminish the competitive value of the information to another person or company. The disclosure of this information would undermine and diminish the competitive commercial value of the scheduled rates and could possibly provide an advantage to a competitor.

If you are aggrieved by any of the reviewable decisions in this notice of decision, you may seek a review under Part 5 of the GIPA Act, by requesting any one of the following:

- An internal review which must be lodged with the Right to Information Unit within 20 working days of this notice of decision. You must lodge your internal review at the address shown at the bottom of the first page and must be accompanied by the appropriate application fee of \$40.
- Alternatively, a request for an external review may be lodged with either the Information and Privacy Commission, or the NSW Civil and Administrative Tribunal. Please note that you must lodge your request for an external review within 8 weeks of this notice of decision.

Further attached are a receipt for the amount of \$30, and a further two receipts for the amount of \$645, which represent the fees for processing your Formal Access Application.

If you have any questions regarding this notice, please contact me on telephone (02) 8753 8386.

Yours sincerely

Application to the Tribunal concerning [REDACTED] SEVEN HILLS NSW 2147 Australia

Applicant: NSW LAND AND HOUSING CORPORATION - T807

Respondent: [REDACTED]

On 04-Jul-2017 the following orders were made:

1. The Tribunal is satisfied that service of notice of the hearing has been duly served on the respondent and the Tribunal considers justice requires the matter be dealt with in the absence of the party.
2. The tenant [REDACTED] SEVEN HILLS NSW 2147 Australia, is to pay the landlord, NSW LAND AND HOUSING CORPORATION - T807, C/- T807 81 Flushcombe Road BLACKTOWN NSW 2148 Australia, the sum of \$15,000.00 immediately.

Reasons :

•Compensation for cleaning and repairs to property, due to the tenant's breach of Section 51(3) of the Residential Tenancies Act 2010 \$15,000.00

FURTHER REASONS

The matter was set down for a special fixture hearing at the Tribunal on 4 July 2017. Ms Ravi of the applicant ('the landlord') appeared and gave evidence. There was no appearance by the respondent.

The landlord gave evidence that the tenant had abandoned the property in December 2016. The landlord had been told by neighbours the tenant had moved to Queensland, but no contact address had been given. The tenant is no longer a tenant of the social housing landlord. Attempts were made by the landlord to contact the mobile telephone numbers given by the tenant, but they were disconnected or no contact could be made.

Section 62 (2) of the Civil and Administrative Tribunal Act 2013 provides the following:

Any party may, within 28 days of being given notice of a decision, request the Tribunal provide a written statement of reasons for its decision. The request should be, in writing, addressed to the Registrar.

I am satisfied the last known residential address of the tenant is the address of the property the subject of the dispute. The Tribunal's file contained a notice of hearing addressed to that address, giving notice of the time, date and place of the hearing. The landlord gave evidence that documents had been filed and served in accordance with Tribunal directions made on 23 March 2017. Being aware of the usual practice of the Registry in respect of the sending of hearing notices, and being satisfied that the notice was sent to the last known residential address of the tenant (Section 223 of the Residential Tenancies Act 2010 ('the RT Act'), I am satisfied the matter should proceed ex parte.

The landlord's documents contained a copy of the written residential tenancy agreement commencing on 28 October 2011; a copy of the ingoing inspection report; a copy of the outgoing inspection report dated 6 January 2017; photographs taken at the outgoing inspection; and a scope of works and cost of repairs by the landlord's repair and maintenance service provider, Broadspectrum Pty Ltd.

I am satisfied the tenant abandoned the property in December 2016, having vacated the property and removed belongings without notice to the landlord. The evidence contained in the documents of the landlord shows the property to be in a very damaged and unclean condition at the end of the tenancy. For example, internal walls have been damaged; rubbish left in the property; windows broken; and walls and floors have significant staining. I am satisfied the landlord has established the tenant breached the tenant's obligations under Section 51(3) of the RT Act, in particular to return the property in the same condition it was rented (less fair wear and tear) and in the condition set out in the ingoing inspection report; and to return the property in a reasonably clean condition.

In respect of damages, the scope of works of Broadspectrum totals an amount of repairs in excess of \$19,000.00. However, no bond was paid to the landlord, and the Tribunal only has jurisdiction up to \$15,000.00 in such circumstances. The landlord has been made aware of the jurisdictional limit of the Tribunal, and consents to jurisdiction. I am satisfied that such is the number of items requiring cleaning and repairs the amount of compensation to put the landlord in the position the landlord should have been had the tenant not breached Section 51(3) of the RT Act exceeds \$15,000.00. Accordingly I award compensation to the landlord up to the jurisdictional limit of the Tribunal, being \$15,000.00

Hi Kevin,

Could you please provide me with the costing's for the VTD as I need to urgently apply to tribunal by COB tomorrow.

I work-flowed this on 28.09.2016, but I still don't have the itemized costing.

I have also today rework-flowed this to the WS CA2 Access Group but due to the urgency I thought I would email it to you to.

Thanks for you prompt response to this matter.
